Agenda of Participant Sensitization Workshop

Participation Sensitization Workshop – on 6th July'2019 – 10am to 12pm IST.

Below is what we have planned to cover in this workshop:

1. How to install basic tools in Linux?
2. Learn to use basic Unix commands
3. Run basic SPICE/MAGIC simulations & layout
4. Learn to upload/download from github
5. Run 'vsdfLOW' utility to check if all necessary tools are correctly installed and whether it works the way it should work

As a pre-requisite, we would request participants to just view the below FREE course before attending "Participation Sensitization workshop", so we can start with labs in this workshop
